Another Game in the Credit Column

The Didsbury hockey team continues to play a winning game, their victory over the Crossfield team on Friday night last keeping them even with Carstairs who had the lead in the league until Friday night's game.

The game was not a fast one but it was clean, and the locals played better combination, although their back checking was weak and they allowed the visitors to make some dangerous rushes. In the first period no score was made, but in the second Studer slipped in three and Crossfield one. In the third Weber and Storey each located the net and Crossfield also scored two, making the total 5-3 in favor of Didsbury. Freeman in goal made some brilliant stops. Jimmy McGehee made an excellent referee and the visitors were well pleased with his decisions.

There was not as big an attendance at the game as previously but it is hoped that the fans will turn out in full force in the future as the boys cannot be expected to put up the class of hockey they are doing without loyal support both monetary and morally.

The line up.—Didsbury: Freeman, Woods, Duncan, Studer, Liesemer, Weber and Cressman Subs. Storey and Stitt.

Crossfield: Landmore, McFarlane, McKory, Smart, Conrad, Blies, McKay. Sub, Slater.

The Mange Problem

The mange problem has probably been one of the most serious in connection with the live stock industry in Southern Alberta. With the election of the Hon. Dr. Tomlin as Dominion Minister of Agriculture, with his wide experience in veterinary and live stock matters, the stock men felt that every possible effort would be made to eradicate the mange nuisance as soon as possible.

The Minister of Agriculture has held two or three meetings during the summer and fall with stock men in Calgary and the Veterinary General also attended meetings of stock men at several points in Alberta, which shows that no opportunity to go into the situation at first hand is being overlooked.

A wire has just been received from Hon. Dr. Tomlin by E. L. Richardson, secretary of the Alberta Live Stock Association and the Western Canada Live Stock Union, requesting him to call a meeting of all stock men interested in the mange question to confer with the Minister, who will be accompanied by the Deputy Minister of Agriculture Dr. Grisdale, and the Veterinary Director General, Dr. Torrance.

This meeting will be held in the Board of Trade rooms on Friday, December 19th, at 2:30 p.m. Dr. Tomlin wishes to go into the mange problem fully with those present, report progress already made since he took over his department, and complete plans for the eradication of mange. Stock men from all parts of the province and from western Saskatchewan who are interested are cordially invited to be present.

The Pioneer did not figure that this old sphere would cease to do business today. The whole force has been on the job all the time and the paper is out on time as usual, while everything goes dancing merrily along in the same old way.

Timely Words of Warning and Advice

The addresses which Hon. T. A. Crerar, former minister of agriculture and prospective leader of the new farmers' party, recently delivered at a number of places in the West have a greater value and importance at this particular time than usually attaches to speeches from the political platform, and they are fully deserving of the attention which has been devoted to them, not only by the press, but the public generally.

The avowed object of this series of addresses by Mr. Crerar was to outline to the people of the cities of the West the main principles of the New National Policy promulgated by the Canadian Council of Agriculture, the policies in support of which the farmers are uniting irrespective of former party affiliations and to invite the support of all classes, in city as well as country, who believe in the principles and policies enunciated in that Platform.

It is altogether probable that Mr. Crerar's series of meetings was also prompted by the fact that in the Cochrane by-election in Alberta Mr. Wood, the U.F.A. leader in that province, took the ground that the farmers' political movement was a distinctly "class" movement, and that he advocated other groups and classes organizing along similar "class" lines. This is in direct opposition to the policy of the Canadian Council of Agriculture and the leaders of the farmers' movement in Saskatchewan and Manitoba. The Grain Growers' Guide made haste to repudiate the views advocated by Mr. Wood, and Mr. Crerar in all his speeches was at great pains to impress upon his hearers the fact that the promoters of the New National Policy, so far from encouraging a "class" movement, were openly and strongly opposed to such a course.

Apart, however, from their primary object in explaining the New National Policy to the people of urban centres throughout the West, the speeches of Mr. Crerar served a truly national service in that he gave utterance to timely words of warning and advice, addressed particularly to the farmers, but which have a much wider application. Quoting from a verbatim report of his speech at Regina, we find Mr. Crerar saying:

"In these changing times a great responsibility rests on the organized farmers of Canada. It rests on you because from the very accident of circumstances these things you hold dear are being discussed from one end of Canada to the other. It is a time when reason should guide your actions and course in every way. If you do not, and you are animated by impulse alone, this splendid edifice you have reared and the opportunity that lies ahead of you will be largely lost.

"I have observed in some quarters what I would term fair weather Grain Growers coming to the front. By that I mean not those who have stood the heat and burden of the fight for ten years, but men who stood aside and let the fight go on, and now when they see the tide is turning and running strong, want to throw their lot in with us. I have no fault to find with it. You will not find your truest and best councillors among such men. If you did you would have found them in the movement at the first."

These words of warning and advice apply to more people than the farmers. There is a tendency, in the

present world unrest and upheaval, for people in all walks of life to break away from the true and tried methods and leaders of the past and turn to something new. Changed conditions from what have prevailed in the past are admittedly necessary. This is recognized on all sides, but the danger lies in the apparent willingness of many people to thoughtlessly seize upon anything new, and of running to extremes. As Mr. Crerar declared in another portion of his speech, this is a time above all others for all people to be reasonable, and to be guided by reason and not impulse.

The danger against which Mr. Crerar warns people to be on guard probably has found its greatest and most tragic expression in the ranks of organized labor, where large groups of men showed a willingness to desert their former leaders, and their great international craft unions, and follow ultra-socialistic, even anarchistic, leaders and their will-o'-the-wisp nostrum of the One Big Union. Here in the West organized labor came very close to destroying itself. It largely alienated the support of all reasonable men and women, and has created a division in its own ranks which it will take a long time to overcome.

If Canada is to grow great and prosper there must be neither distinctly "class" nor "sectional" groupings in this Dominion. "Classes" and "groups" as such may very properly carry on educational propaganda with a view to convincing the people as a whole that they are right, and when they succeed in so convincing them, their views will find concrete expression in the laws of the land. But the attempt to pass "class" legislation can only end in disaster, hinder the development and prosperity of the Dominion, and lead to turmoil, trouble and possibly open strife.

The crying need of Canada is greater unity among all classes, races, creeds and sections—not further revision into "groups." Out of the common sacrifices of the Great War there should develop a broad and strong Canadian national spirit. Patriotic Canadians everywhere should set their faces sternly against the creation of further class distinctions, and should seek to encourage the idea of all joining hands in a national cause based on sound principles and designed to accord full freedom, justice and equality to all.

Heals Inflamed Nostrils Stops Catarrhal Discharge, Cures Colds Quickly

Poor remedies have given Catarrh the reputation of being incurable. But it is curable, easily and quickly, if the right method is employed. Snuffing a powder or ointment up the nose won't cure Catarrh, neither will tablets, douching or stomach medicines cure. These treatments fail because they only affect local conditions, they do not remove the cause, which is germ life established in the lungs, bronchial tubes, and nasal passages. Ordinary remedies do not reach these remote parts, but Catarrhzone does, for it is breathed through the inhaler into every air cell in the lungs, into every air passage in the head and throat. No matter where the Catarrh is, Catarrhzone will reach it. It kills the germs, heals sore spots, clears the nose and throat instantly. Universally used; pleasant and clean; guaranteed to cure or money refunded.

Don't be an object of aversion to everyone you meet—get Catarrhzone today and use it regularly; it will cure your Catarrh, Bronchitis, Throat Trouble, spitting and gagging. Large size lasts two months, price \$1.00; smaller size, 50c; sample size, 25c; at all dealers.

Swine fever had broken out in the village, and the local policeman had been appointed to call upon all owners of pigs and take particulars of each case.

"A've called to see the swine," said the constable.

"He's out," snappily replied the woman, and banged the door.

Facts About Our Country

Has a Population Averaging Less Than One Man to the Square Mile

The area of Canada is 3,729,665 square miles. Population 8,500,000.

Compared with the United States, Canada is greater in size than the United States, including Alaska, but has a population less than that in the three cities of New York, Chicago and Philadelphia.

One half of Canadians live in towns. The produce of farms, forests, mines and fisheries are the output of a population averaging less than one man to the square mile.

The total area of land fit for tillage is estimated at 302,200,000 acres. In 1918, only one-sixth of this land (51,427,190 acres) was under crop.

Of the 179,000,000 acres fit to farm in the 454,000,000 acres comprised in Manitoba, Saskatchewan and Alberta, but 26,000,000 are under crop and 25,000,000 under livestock. There is room for settlers on 128,000,000 acres surveyed farm lands, including 25,000,000 still open for homestead entry.

Prize Shorthorn Cattle Change Hands

Sale Held By the Western Canada Shorthorn Breeders' Club at Brandon

One hundred and two Shorthorn cattle brought a total of \$51,985 at the second annual sale held by the Western Canada Shorthorn Breeders' Club at Brandon, Manitoba, recently. The average price for females was about \$487 and \$810 for bulls. The highest priced animal was Lavender 47th, sold by John Barron, Carberry, Manitoba, to C. G. Beeching, of De Winton, Alberta, the price being \$5,000. A few hours after Mr. Beeching had purchased this heifer he was offered \$8,000 for the same animal—an increase of \$3,000 on his bargain. Mr. Beeching, however, declined this offer, stating that he did not want to sell but intended showing the heifer at the Chicago Livestock show. Star of Hope, judged grand champion at Brandon and Saskatoon summer fairs, was sold for \$2,500 to M. L. Nelson, of Midale, Sask.

There was a great rivalry between Canadian and American buyers for the best animals, Canadian stockbreeders wishing to retain such prize stock for the improvement of their own herds.

A man sometimes builds better than he knows, but the contractor on a political job is reasonably sure to know better than he builds.

CHILDHOOD CONSTIPATION

Constipation is one of the most common ailments of babyhood and childhood and unless it is promptly cured will undoubtedly lead to disastrous results. To cure this trouble nothing can equal Baby's Own Tablets. They are a mild laxative which instantly regulate the bowels and sweeten the stomach, thus banishing constipation, colic, colds, etc. Concerning them Mrs. Eugene Vaillancourt, St. Mathieu, Que., writes: "When my baby was constipated I gave her Baby's Own Tablets and am well satisfied with the result. I would strongly recommend them to all mothers for this trouble." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Canada's Work For Soldiers

An army of soldiers trained thoroughly in the arts of peace constitutes part of Canada's reconstruction program, and she is now fitting 19,290 disabled soldiers for the duties of civilian life. Col. Hugh Clark, M. P., parliamentary secretary, says that the investment of \$57,000,000 for the fiscal year, which makes it possible to offer a seven months' course in vocational training to these men, is a national investment, since it encourages the disabled soldiers to become producers, and restores their independence. During the training course they receive from \$60 to \$150 monthly.

How U-Boats Were Trapped

One of the novel devices adopted by the British for the co-ordination of the efforts of trawlers and submarines has just been divulged. A trawler would drag a submarine by a cable and maintain communication with it by telephone. When the trawler sighted a German U-Boat the British submarine would slip its cable and attack the German boat before the surprised German could submerge or prepare to give fight.

The Teachers' Side of the Story

Editor Pioneer;

In the last issue of the Pioneer an editorial appeared which dealt in part with the cigarette evil, which is prevalent in and about the town. The editor took particular pains to obtain from a legal source the terms of the act relating to the sale of cigarettes and some valuable information has been elicited therefrom; and parents, minors and majors would do well to pay heed to the warning contained in the article.

However, the editor, we consider, overestimated somewhat the powers of the teaching staff when he said "the teachers would do a lot towards stamping out the evil by reporting to parents the use of tobacco by the children." While the teachers have always done and no doubt will continue to do all in their power to check the evil on and about the school premises, it must be remembered that the teachers' authority stops at the school gate, and that to attempt to exercise that authority beyond those limits would be futile. The members of the staff already have quite enough to do and have quite enough responsibility resting upon them without undertaking to maintain a surveillance over the conduct of pupils after school and at week ends, during which times we believe the smoking is done.

The editor's remarks in regard to card playing might almost lead the "uninitiated" to suppose it is a customary amusement. The fact is, however, that during recent years at least, on only two occasions were cards known to be played in or about the school, and on both occasions the cards were at once confiscated, which we think reflects much credit on the part of the teachers.

We consider that after a number of years of teaching experience in Didsbury we are in a position to pronounce on the moral tone of this school. In justice to the pupils as a whole we wish to say that, despite any adverse opinion that may be entertained, we are convinced that, all facts being considered, we have as creditable a type of young people in our charge as can be found within the bounds of the province. It is time, however, that the public be apprised of the fact that though ethical teaching is necessarily incidental to the ordinary work of in-

struction, such training is primarily a task that must be performed by the home.

Norah G. Lantz,
Prin. High School.
Annie C. Kerr,
Prin. Public School.

[Editor's Note.—Considering that our information in regard to cigarette smoking came from a reliable source direct from the school, and that we have heard very little about the evil outside, we naturally concluded that the teachers had found trouble there. However, since by the above letter they exonerate

themselves there, our informant was doing the very thing they disclaim, assuming responsibility for the children outside of school hours. And we do not know as we blame them for calling our attention to this state of affairs, but they should be fair. As far as card playing is concerned we got our information from hearing the younger children talk. There was no intention of casting discredit upon the school, as we also know that we have a very creditable type of young people attending the school.]

Cleanses the Blood, Builds Up Strength, Improves Complexion

As a result of debility, sickness or improper diet, the blood often becomes weak and unable to free itself of poisons.

Morbid, unhealthy matter accumulates and breaks out in sores that discharge and will not heal.

Washes, salves and ointments are useless because they have no action on the poisoned blood.

But Dr. Hamilton's Pills cleanse and enrich the diseased blood, drive out impurities and fill it with nutriment and strong building material.

Ulcers, boils and sores heal up. Likewise all weakness due to impoverished blood is cured by these famous pills, and anaemia, erysipelas and rheumatism go before it as chaff before fire.

The skin grows smooth, complexion clears, health, vigor and strength are evident on all sides.

A blood remedy for blood diseases, the formula of a famous physician—no improvement can be made on Dr. Hamilton's Pills.

Their use extends to the people of many nations and thousands have proved that they do cure when all else fails.

No matter what your ailment may be, if it has its origin in the blood it is curable with Dr. Hamilton's Pills. Sold everywhere, 25c a box.

He was turning this very matter over in his mind, and wondering what the end would be, when a knock came at the door.

"Come," he said, switching on the light. "Oh, it's you, Bert. I am honored. Sit down."

The girl threw her coat over a chair and sank into a chair. Without speaking she extended her shapely feet to the fire, but when its soothing warmth had comforted her limbs she looked up and said:

"Adam sure put it over on us, didn't he?"

"Still nursing that grievance over your sex," laughed Dave. "I thought you would outgrow it."

"I don't blame him," continued the girl, ignoring his interruption. "I am just getting back from forty-seven tests. Gabbie, gabbie, gabbie. I don't blame him. We deserve it."

"Then, you have had nothing to eat?"

"Almost. Only insignificant indigestibles."

Dave pressed a button, and a Chinese boy (all male Chinese are boys) entered, bowing in that deference

which is so potent to separate the white man from his silver. The white man glories in being salaamed, especially by an Oriental, who can grovel with a touch of art. And the Oriental has not been slow to capitalize his master's vanity.

"Bring something to eat. Go out for it, and be quick. For two."

"Ice cream? Toast? Tea?"

"No! Something to eat! Soup, fried chicken, hot vegetables, dessert, everything."

"You've had your dinner, surely?" asked Bert.

"Such a dinner as a man eats alone," he answered. "Now for something real. You stick to the paper like the ink, don't you, Bert?"

"Can't leave it. I hate it—and I love it. It's my poison and my medicine. Most of all I hate the society twaddle. And, of course, that's what I have to do."

"And you write it up so gloriously," said Dave. "Enthusiasm in every line of it."

"You read it, then? I thought all men looked on the society page with contempt."

"They do. But they look on it just the same—long enough to see whether their names appear among those present."

"Or whose husband is out of town?"

"You're growing more cynical all the time."

"How can I help it, when I see both sides of the game? If I printed half I know I'd have every lawyer in this city busy tomorrow—except those who skipped out over night."

"You know it," Dave agreed. "But here is dinner." The boy wheeled a table between them, and there was a savoury smell of hot food.

"A recherche repast," screamed Bert, half through her soup, with a great burst of merriment. "Oh, I must tell you. You remember the Metfords? You used to shovel coal for them. I know you're no snob, or I wouldn't put it so brutally. Of course, they're rich. Sold the old stable-yard for a quarter of a million, or thereabouts, and are now living in style. Some style! When they have guests, as they nearly always have—there'll be parasites as long as there's easy money—old man Metford eats breakfast in evening dress. And she orders the chiffonier to take the guests down to the depot in their Packer. But one thing has gone to her heart. She didn't realize in time that it wasn't good form to be profane. Now that she knows three is the limit she has sent the other six to the country. But that isn't what I started on. She called up this morning and gave me hell because I said yesterday that she had served a recherche repast at some function they pulled off the other night. 'See here, young woman,' she says, 'I want you to understand there's none of that recherche stuff on my table. Nothing short of champagne, every drop of it.' I just yelled."

"Why didn't you print a retraction?"

"I don't know."

"I do. It's because, Miss Roberta, beneath your cynicism and your assumption of masculinity you are as sympathetic as a young mother. It would be mean to put over anything like that, and you just can't do it."

"Nonsense. You see what I print at times—"

"Bert," he said suddenly, "why don't you get married?"

"Who, me? Then she laughed. 'I guess I'm too sympathetic. It would be mean to put over anything like that on a man, and a girl wouldn't have me.'"

"Well, then, why don't you buy some real estate?" he continued, jocularly. "Every man should have some dissipation—something to make him forget his other troubles."

"A little late in the meal for that word, isn't it?"

He stared a moment, and then sprang to his feet. "I beg your pardon. What will you drink?"

"What you drink?"

"But I drink coffee."

"So do I. . . . I may be manish, Dave, but I don't think I'm a fool. I can understand a man drinking, but not a woman. It's too dangerous. . . . But I'll smoke a cigarette."

"Now, as for real estate. The fact is, I have invested."

A look came into his face which she did not understand. "With whom?" he demanded, almost peremptorily.

"With Conward & Elden," she answered, and the roguishness of her voice suggested that her despised femininity lay not far from the surface. "Were you about to be jealous?"

"Why didn't you come to me?" She realized that he was in deep earnest. "I did," she answered, candidly. "At least, I asked for you, but you were out of town, so Conward took me in hand, and I followed his advice."

"Do you trust Conward?" he demanded, almost fiercely.

"Well, he's good enough to be your partner, isn't he?"

The thrust hurt more than she knew. He had his poise again.

"Real estate is the only subject I would trust him on," she continued. "I must say, Dave, that for a shrewd business man you are awfully dense about Conward."

He remained silent for a few moments. He decided not to follow her lead. He knew that if she had anything explicit to say about Conward she would say it when she felt the time to be opportune, and not until then. He returned to the matter of her speculation.

"How much did you invest?"

"Not much. Just what I had."

"You mean all your savings?"

"Why not? It's all right, isn't it?"

He had risen and was standing again by the window. The long line of lights stretched out until they became mere diamond points on the velvet bosom of the night. Motor cars sped noiselessly to and fro, save where, at the corner below, chauffeurs exercised their sirens. But neither the lights, nor the night, nor the movement and noises of the street had any part in the young man's consciousness.

"It's all right, isn't it?" she repeated.

"I'm afraid it isn't," he said at length, in a restrained voice. "I'm afraid it isn't."

"What do you mean?" she demanded. There was an accusation in her eyes that was hard to face.

"Bert," he continued, "did it ever occur to you that this thing must have an end—that we can't go on for ever lifting ourselves by our own bootstraps? We have built a city here, a great and beautiful city, almost as a wizard might build it by magic over night. There was room for it here; there was occasion; there was justification. But there was neither occasion nor justification for turning miles and miles of prairie land into city lots—lots which in the nature of things cannot possibly, in your time or mine, be required for city purposes. These lots should be producing wheat, oats, potatoes, cows, butter—that is what we must build our city on. We have been considering the effect rather than the cause. The cause is the country, the neglected country, and until it overtakes the city we must stand still, if we do not go back. Our prosperity has been built on borrowed money, and we have forgotten that borrowed money must, sometime, be repaid. Meanwhile, in the heart of the greatest agricultural country in the world, we bring our potatoes across the American continent and our butter across the Pacific Ocean."

He had spoken with effort, as one who makes a bitter confession, yet tries to state the case fairly, without excuses and without violence.

"You mean that the boom is about to burst?" she said.

"Not exactly burst. It will not be so sudden as that. It will just ooze away, like a toy balloon pricked with a pin."

There was silence for some minutes. When she spoke at length it was with a tinge of bitterness.

"So you are unloading?"

"The firm is. I beg you, Bert, to believe that if I had known your intention I would have tried to dissuade you. I would have advised you to keep your money in the bank until after the air cleared. Three per cent. is small, but it is better than tax bills on unsalable property."

"Why me particularly? I am only one of the great public. Why don't you give your conclusions to the world? When you were convinced that a period of inflation was about to occur you did not hesitate to say so. If I remember you used the Call for

that purpose. Now that you see the reaction setting in, doesn't honesty suggest what your course should be?"

She had risen, and she, too, looked with unseeing eyes upon the busy street. There was reproach in her voice, Dave thought, rather than bitterness.

He spread his hands. "What's the use? The harm is done. To predict a collapse would be to precipitate a panic. It is as though we were passengers on a boat at sea. You and I know the boat is sinking, but the other passengers don't. They are making merry with champagne and motor cars—if you can accept that figure—and revelry and easy money. Why spoil their remaining few hours by telling them they are headed for the bottom? . . . Besides, they are not deserving of sympathy, after all. They are in the game because they wanted to make money without earning it. Gamblers, every one of them. And the man or woman who expects to get wealth without giving value shouldn't whine if, by a turn of fate, he gives value without getting wealth."

(To Be Continued.)

Some people are so miserly one can't ever have a joke at their expense.

"SYRUP OF FIGS"

CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

Canada's Army Abroad

To Shut Up Shop Shortly After the New Year

The department of the overseas militia forces in London, which had charge of the affairs of Canada's army abroad, will shut up shop shortly after the new year, Sir Edward Kemp has stated. The minister of the overseas forces said that at the present time the department was only retaining sufficient staff to complete the records and wind up the business. Only about a thousand Canadian soldiers now remain in England, some undergoing treatment in hospitals, some waiting until their dependents are able to cross the sea. The fighting Canadian corps and almost all the organizations which helped to maintain its efficiency, has been disbanded.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Mono-aceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

A Nervous Wreck

BY DR. D. L. GRANTIER

How many business men feel fagged out, nervous, with a "soggy brain"—worn out completely before the day and its tremendous tasks are half over? Try the right way! Clean the body first. That will help your nerves, your head and your circulation. Your doctor will tell you that anything from a headache or a

common cold to grippe or a serious illness may result from allowing food to ferment in the intestines. Don't give the body a chance to absorb the poisons. Remove the toxins from the system and give the tissues of the body aid to resist disease by taking an occasional laxative such as castor oil, or a tiny pill made up of May-apple, aloin, jalap, and sold by most druggists as Dr. Pierce's Pleasant Pellets.

The kidneys and bladder suffer from the wear and tear, and we get chronic inflammations sometimes indicated by backache, painful voiding of water—dull, heavy feelings. Perhaps the uric acid is stored up in the system in excessive amount, and consequently when the urate salts are deposited in muscles and joints one suffers from lumbago (pain in back), rheumatic pains, gout, etc.

Nothing will act so nicely as "Anuric" (anti-uric-acid), a recent discovery of Dr. Pierce's which can be had at all drug stores. "Anuric" washes away the poisons, cleanses the bladder and kidneys—rendering them antiseptic—consequently one is soon cured of lumbago, rheumatism, gout, and the body is put into a clean, healthy state.

ATLANTIC FLIGHT!

Wonderful example of the value of OXO.

Captain Sir J. ALCOCK writes—
"You will be interested to learn that OXO was a great help to us during our Trans-Atlantic Flight; it sustained us wonderfully during our 16 hours journey."
"We had found out what a good thing it is when flying in France, and so decided to carry it with us on this occasion, and we can assure you that 'hot OXO is most acceptable under such cold and arduous conditions. OXO was the only article of its kind which we carried.'"

A Constipation Cure

A druggist says: "For nearly thirty years I have commended the Extract of Roots, known as Mother Selgel's Curative Syrup, for the radical cure of constipation and indigestion. It is an old reliable remedy that never fails to do the work." 30 drops thrice daily. Get the Genuine, at druggists.

Four Thousand Canadians Will Have Decoration

Special Honor to be Given Men Who Were Mentioned in Despatches

In connection with the despatch from London that it was contemplated that those who were mentioned in despatches during the war should have permission to wear a small oak leaf on the ribbon of the victory medal, it is estimated that four thousand Canadians would be entitled to this extra decoration. It has been suggested that the Maple Leaf would be more appropriate for Canadians than the Oak Leaf and it is probable that some effort would be made to have the Maple Leaf authorized for Canadian use.

TONIGHT!

Take "Cascarets" if sick, Bilious, Constipated.

Enjoy life! Straighten up! Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head dull and aching. Your meals are turning into poison and you can not feel right. Don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without gripping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh pills. They cost so little, too—Cascarets work while you sleep.

Learn of the busy little bee, but be careful how you take a pointer from him.

Farmers May Profit By U. S. Market

Winnipeg.—With the lifting of the United States import embargo on wheat, which will become effective December 15, Canadian farmers will have the right to expect that when they receive final payments for their wheat sold to the Canadian wheat board, there will be a substantial increase over the guaranteed price of \$2.15, basis Fort William.

During the past few days No. 1 dark northern wheat, which is practically on a par with Canadian No. 1 northern, has been selling at Minneapolis from \$3.20 to \$3.25, which is over one dollar more than our guaranteed price. If Canadian wheat is permitted by the Dominion Government to enter the United States by the carload, it is hardly to be expected that the high prices now prevailing for hard spring wheat will continue, but undoubtedly the Canadian wheat board will be able to realize a substantial profit on every bushel sold on the United States market.

Little information can be gathered from officials of the Canadian wheat board as to whether the government will attempt to take advantage of the high prices now prevailing at Minneapolis, Chicago, and other United States markets. James Stewart, chairman of the Canadian wheat board, states that the high prices being quoted in the United States were really fictitious and were only created by a shortage in the United States of hard wheat, which the millers needed for the making of their patent flours. This demand, in the opinion of Mr. Stewart, was very limited, and any large quantity of this grade of wheat appearing on the markets would have the effect of immediately sending prices downward, perhaps to the level of the United States government's guarantee of \$2.26.

At the present time the wheat situation is obscure. The opinion generally held is that the wheat board is behind with its European contracts, and that for the present no wheat will be available for sale in the United States.

While the board is bound to sell the wheat that they have taken from the Canadian farmers where the highest prices can be obtained, the contracts already entered into with European countries will have to be protected.

Will Dispense With Show

Simple Ceremony to Mark Inauguration of Farmer-Labor Regime in Ontario

Toronto.—The pomp and display which age-old customs have fastened upon the ceremony that marks the opening of the Ontario legislature are to be done away with by the United Farmers-Labor government.

At the next session of the legislature most of the tinsel and show and the atmosphere of social exclusiveness which in the past has been characteristic of the ceremony attendant upon the opening day of the house will be dispensed. Instead, a simpler ceremony, which in the judgment of the government will be more in keeping with the democratic ideals of the people of this province, which carried them to power, will mark the first session of each legislature.

When the house first meets in February, the booming of cannon, the attendance of governor and officials in general in court uniforms of other days, the presence of a throng of officers in military regalia, and of women in jewels and in evening dress, will be lacking. The occasion will be simple and unostentatious.

In comparison with the glory, gorgeousness and formality of former years, it will be markedly sober.

Mine Explosion Kills Six

Clinton, Ind.—Six men were killed by an explosion in Bogle coal mine No. 3, at Jacksonville, five miles west of Clinton. Three others were seriously injured. The cause of the explosion has not been determined. Officers of the company and officials of the mine were among the killed.

Must Return to Farms

One Man on the Land Worth Twelve in Town

Beaverton.—One man on the land is worth a dozen in other jobs, so John Kennedy, vice-president of the Manitoba Grain Growers, told the audience at the nomination meeting here, when Robert Henry Halbert, U.F.O., Uxbridge, and Neil D. MacKinnon, Unionist, Cannington, were nominated to contest in the federal election of December 9 the constituency of North Ontario, left vacant by the death of Col. Sam Sharpe. Mr. Kennedy told the audience that independent political action was the watchword and the keynote.

"The light is in the window, the latch string hangs outside, and the workers of Canada are welcomed therein. If Canada is to be saved, Canada must get more men on the land," he asserted. To get men on the land and to keep them there was the great task facing Canadians—facing not the farmers alone, but all classes. For the past forty years he said they had never received any important legislation that tended to improve conditions for agriculture. He turned his guns on the tariff and said if the present method of taxation was not changed it might not be so very long before English-speaking people in Canada were in the minority. The annual tariff tax was costing Canadians close to \$750,000,000, about \$20 a head and about seven times what it cost in the U.S. Indeed, taxation cost the farmer \$300 a year for federal purposes, and the working man \$100 a year, was his argument.

"I make the statement that the man who works land is worth twelve men in any other occupation," he added.

Villa Captured By Own Men

Will Be Turned Over to Carranza on Payment of Reward

Juarez.—Francisco Villa has been captured by a force of his own men and is being held for a reward from the Mexican government, according to advices received here by Superintendent Caball, of the Chihuahua division of the National railways in Mexico.

Two Villa rebels are reported to have prescuted themselves at federal headquarters at Parral and notified the commander there that Villa had been captured and was being held for surrender to the Carranza forces.

The state of Chihuahua has already offered 50,000 pesos as a reward.

A Nervy Pair

Inland Revenue Officials Found Still in Premises Owned by W.C.T.U.

Toronto.—Inland revenue officials found a modern still, fully equipped and ready for business when they invaded premises near Willard Hall owned by the Women's Christian Temperance Union. William Long, the tenant, stated that the room in which the still was found was occupied by two Italians, whose names he did not know.

W.C.T.U. officers stated they had no knowledge that the building had been used for illicit liquor trafficking.

Hand Funds to St. Dunstan's

London.—William E. Johnston, the American anti-saloon organizer, for whom the Evening News opened a testimonial because of injuries received in a recent "ragging" by the students, has written to the paper asking that the money thus raised be sent to St. Dunstan's hospital for the blind. Mr. Johnston, whose eye was removed a few days ago, is progressing satisfactorily and will leave the nursing home tomorrow.

Wants Recount

Winnipeg.—Ald. E. H. Hamlin, representative of Ward 6, declared defeated by J. Blumenberg in the civic elections, has formally asked for a recount. The vote stood: Blumenberg (Labor), 2,149; Hamlin (Citizens), 2,039; Kaplonovitch (Ind.), 74; spoiled ballots, 69.

Germany Refuses To Sign Protocol

Delay of U.S. Said to Have Caused Change in People's Opinion

Paris.—Germany has decided not to sign the protocol presented her by the allies as a condition for putting the peace treaty into effect, the peace conference has been notified.

It was learned that Baron Kurt Von Lersner, head of the German delegation here, called on Secretary Dutasta of the conference, and told him that Germany had made such a decision.

This attitude is taken as confirming the reports of a sharp reaction in Germany within the last fortnight. Trained observers of German developments have expressed to members of the peace conference the view that there has been a complete transformation of the situation in Germany, brought about, in their opinion, by the failure of the U.S. senate to ratify the treaty.

These observers declare that while the vast majority of the Germans, before the senate's adjournment desired the peace treaty ratified as soon as possible, they are now supporting the government's attitude in resisting the demands of the allies for indemnity for the sinking of the German fleet at Scapa Flow, recompense for which was provided for in the protocol.

The question upon which the German representatives here, however, appear most sensitive is the insistence upon the trial of the German officers accused of the commission of crimes in France and Belgium.

Thus far, it is stated, no indications have reached Paris of any disposition on the part of the Germans to modify their attitude.

Requests Wilson to Break With Mexico

Fifty Million Dollars For Soldiers' Settlement

Large Sum Expended in Getting Veterans on the Land

Ottawa, Ont.—The Soldier Settlement Board has gone over the fifty-million mark in loans to returned soldiers settling on the land. The returns are completed to November 15, and show a grand total of \$50,699,003. The number of loans approved is 16,175, and the average loan \$2,134.

Advances were made for the following purposes:

Land purchases: Amount of purchase, \$28,125,250; improvements, \$4,528,325; stock and improvement of equipment, \$10,336,537; total, \$41,990,122.

On Dominion lands: Improvement, \$1,375,173; stock and equipment, \$3,882,627; total, \$5,257,800.

On land owned by settlers: Encumbrances, \$1,726,679; improvement, \$583,294; stock and equipment, \$1,141,118; total, \$3,451,091.

Grand total: \$50,699,003.

German Firms Repairing Ships

London.—Percy Hurd asked under what circumstances the repair of 33 German ships interned in South American waters was given to German firms instead of Canadian. Colonel Wilson replied that boats could not be properly repaired on the spot and were towed to German yards for repairs, the cost being met by Germany. He denied that the method would involve years of delay.

Washington.—President Wilson was requested in a resolution introduced in the senate to sever diplomatic relations with Mexico.

The resolution was offered by Senator Fall, Republican, of New Mexico, who, as chairman of a sub-committee investigating the Mexican situation, declared evidence had been found which "would astound the world."

It was also asked that the President withdraw recognition of the Carranza government.

Senator Fall boldly charged that the Mexican embassy, the consuls-general in New York and San Francisco, and the consulates along the border, with the knowledge and consent of President Carranza, had been actively engaged in the spreading of Bolshevik propaganda in the United States. Evidence, it was said, would be forthcoming to bear out the charge.

This resolution, which was sent to the Foreign Relations Committee of the senate for ratification, has an important bearing on the whole Mexican problem which is admittedly grave on account of the refusal of the Carranza administration to release Consular Agent Jenkins from the penitentiary at Pueblo, will be put before congress.

By-Law No.

Municipal District of Mountain View No. 310

Public notice is hereby given that there has been introduced in the Council of the Municipal District of Mountain View No. 310, a By-Law of which the following is copy.

BY-LAW NO.

Being a By-Law of the Municipal District of Mountain View No. 310, for restraining animals at large.

The Council of the Municipal District of Mountain View No. 310, in Council assembled enact as follows:—

1. In this By-Law unless the context otherwise requires, the term "animal" means and includes horses, cattle, sheep, swine, goats and poultry.

2. No animal" the property of any person resident or non-resident, within the said Municipal District of Mountain View No. 310, shall at any time be at large in said Municipal District which comprises all of Townships 31, 32 and 33 in Ranges 27, 28 and 29, West of the 4th Meridian and Townships 31, 32 and 33 in Range 1, West of the 5th, all in the Province of Alberta.

3. An "animal" at large shall be deemed to be any animal not under direct control of the owner or someone acting under his authority, or not confined within any building or lawful fence.

4. Any animal at large contrary to the provisions of this by-law may be impounded in the manner herein provided for.

5. Four (4) pounds shall be established in the said District as follows:— namely:

(a) On the North-East quarter of Section Fifteen (15), in Township Thirty-three (33), Range Twenty-nine (29), West of the 4th Meridian

under the control of E. D. Fagan as pound-keeper.

(c) On the South-East Quarter of Section Fourteen (14), Township Thirty-one (31), Range One (1), West of the 5th Meridian under the control of B. H. Sherk as pound-keeper.

(d) On the South-West Quarter Section Twenty-four (24), Township Thirty-one (31), Range Twenty-seven (27), West of the 4th Meridian under the control of George Metz as pound-keeper.

6. Any fence conforming with the requirements of the Fence Ordinance shall be deemed to be a lawful fence.

7. The provisions of Sections 208 to 215 inclusive of the Municipal District Act, shall be deemed to be incorporated in and form part of this by-law.

The provisions of the Herd Ordinance and the Pound District Ordinance shall cease to be operative within the said Municipal District on the coming into force of this by-law.

9. Nothing in this by-law shall prevent any person from waiving his rights under this by-law and taking action in any court of competent jurisdiction to recover compensation from the owner or person having the custody of any animal through which damage has been caused.

10. Any person who suffers or permits any animal within the said Municipal District contrary to the provisions hereof shall be guilty of breach of this by-law, and shall under summary conviction under Part XV. of the Criminal Code forfeit and pay as a penalty an amount not exceeding One hundred (\$100.00) Dollars and costs, and in default of payment forthwith after conviction, shall be liable to punishment by imprisonment with or without hard labor for a period not exceeding thirty (30) days; unless such fine and costs including the costs of committal, are sooner paid.

A FAIR, SQUARE MOTTO TO ALWAYS REMEMBER

Patronize a home industry that is building up and developing what is absolutely sure to increase the value of your farm properties.

This you can accomplish by always bringing us your milk, sweet or sour cream, or eggs; in fact, any produce you have to sell. We can get you the best market. Our market for good sweet cream, which will bring you the highest price is unlimited.

We have the facilities to freeze it after you deliver it.

When continually patronizing us you have the advantage of selling either the whole milk, fresh sweet cream or sour cream, whichever will bring you the most dollars.

We ask your support and co-operation. Dairymen's business is open for your inspection, from start to finish.

Come in and have a visit and see what we are planning to do for you.

Silver Lead Mine to Be Opened

Hope, on the Kettle Valley line, is making a bid for development. Its railway, lumbering and mining activities are producing a payroll of \$20,000. The Eureka silver lead mine, one of the earliest discovered mines, is to be operated. A considerable amount of work has been carried out during the year.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says freezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

New Branch Line for B.C.

A contract has been let to the Foundation Company at Victoria for the construction of the extension of the C.P.R. from Alberni to Great Central Lake. With the completion of the line great timber tracts in the vicinity of the lake will be tapped. It is expected that the line will be finished by July, 1920.

**Indians Get \$500,000**

Indians in The Pas district have been paid more than \$500,000 for rat-skins, receiving \$2 per skin this year. Hon. Edward Brown, Manitoba provincial treasurer, reports that business there has been exceptionally good during this season, and a feeling of hopefulness and anticipation is awaiting the report of the engineers who have been inspecting the Flin Flon property.

Do It Now.—Disorders of the digestive apparatus should be dealt with at once before complications arise that may be difficult to cope with. The surest remedy to this end and one that is within reach of all, is Parmelee's Vegetable Pills, the best laxative and sedative on the market. Do not delay, but try them now. One trial will convince anyone that they are the best stomach regulator that can be got.

"My poor man," said the sympathetic prison visitor, "do let me send you some cake?"

"Thank you mum, that would suit me fine."

"What kind would you prefer?"

"Any kind, mum," said the prisoner, lowering his voice to a whisper, "just so it's got a file in it."

THE TREASURE OF GOOD HEALTH

Easily Maintained Through the Use of Dr. Williams' Pink Pills

There is not a nook or corner in Canada, in the cities, the towns, the villages, on the farms and in the mines and lumber camps, where Dr. Williams' Pink Pills have not been used, and from one end of the country to the other they have brought back to bread-winners, their wives and families the splendid treasure of new health and strength.

You have only to ask your neighbors, and they can tell you of some rheumatic or nerve-shattered man, some suffering woman, ailing youth or anaemic girl who owes present health and strength to Dr. Williams' Pink Pills. For more than a quarter of a century these pills have been known not only in Canada, but throughout all the world, as a reliable tonic, blood-making medicine.

The wonderful success of Dr. Williams' Pink Pills is due to the fact that they go right to the root of the disease in the blood, and by making the vital fluid rich and red strengthen every organ and every nerve, thus driving out disease and pain, and making weak, despondent people bright, active and strong. Mr. W. T. Johnson, one of the best known and most highly esteemed men in Lunenburg County, N.S., says:—"I am a Provincial Land Surveyor, and I am exposed for the greater part of the year to very hard work travelling through the forests by day and camping out by night, and I find the only thing that will keep me up to the mark is Dr. Williams' Pink Pills. When I leave home for a trip in the woods I am as interested in having my supply of pills as provisions, and on such occasions, I take them regularly. The result is I am always fit. I never take cold, and can digest all kinds of food such as we have to put up with hastily cooked in the woods. Having proved the value of Dr. Williams' Pink Pills, as a tonic and health builder, I am never without them, and I lose no opportunity in recommending them to weak people whom I meet."

Dr. Williams' Pink Pills should be kept in every home, and their occasional use will keep the blood pure and ward off illness. You can get these pills through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Work of British Praised

Sherwood Eddy, secretary for Asia for the Y.M.C.A., speaking in Chicago recently on his return from Asia and the Near East, said of the unrest in Egypt that they had there the catchwords of democracy but that they had had more good government and good water supply under the British and General Allenby in the last 12 months than in the last 12 centuries. He commended the British for giving liberty and religious toleration and expressed surprise that other nations had not learned that Britain did this.

Saskatchewan Phones

Over 7,000 Miles Have Been Constructed Since May 1

That Saskatchewan leads the world in new telephone construction is the statement of D. C. McNab, deputy Minister of Telephones of the Provincial Government. He says that since May 1 of this year 7,000 pole miles of rural telephone construction have been completed or are under way as compared with a mileage of 4,948 for the entire fiscal year ending April 1, 1919.

A Busy Logging Season in B. C.

The mill of the Fernie Lumber Co. has been sold to a Spokane firm, O'Neill & Irvine, who are putting the plant in first-class shape and intend cutting heavily in the spring. The timber outlook is very favorable all over the district. Men and horses are being secured in large numbers, and the logging this winter will be very heavy.

Another Epidemic OF THE SPANISH INFLUENZA

A great many authorities have predicted a return of that terrible plague which swept Canada from one end to the other not long ago and left so many deaths in its wake, and those who did survive were left in a great many cases with some serious after-effects, such as weak heart, shattered nerves, impoverished blood and a general weakened and exhausted condition of the system.

If you are run down, heart not just right, nerves a little shaky, take a few boxes of Milburn's Heart and Nerve Pills and fortify the system against this terrible plague.

If you had the "Flu" before and it left you with any bad after effect, Milburn's Heart and Nerve Pills will bring you back to health and strength.

Mrs. C. C. Palmer, Keppel, Sask., writes: "I wish to inform you of the great good Milburn's Heart and Nerve Pills did for me. After a bad attack of the Spanish influenza my heart and nerves were left in a very bad condition. I got two boxes of your pills and must say they are the best I ever used, and I have taken a great many different kinds. I will always keep Heart and Nerve Pills in the house."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WHY YOU SHOULD BUILD ONLY FROM PLANS

Every building you put up this year and from now on should figure largely in your future.

Whether it be a new house or only a machine shed it will help you make money by saving it.

Just how much it will help depends on how well it fits into your needs now and later.

If you go ahead and build without any plan or any reference to future years and needs you are very likely to find that in a short time the building doesn't fit and you have to re-model, enlarge or build new.

WHATEVER YOU DECIDE TO BUILD GET A PLAN FOR IT, WE MAKE THEM FREE.

And just because it is a FREE service don't think that it isn't worth anything.

These plans are made to fit your ideas and your needs. They are made so that your buildings will be strong and durable and cost the least that they can be made to cost and be built right.

Just as soon as you decide to go ahead with any building see us at once for plans as well as material.

AROUND THE TOWN

Don't forget the High School Literary Society concert at the new opera house Friday night.

Miss Clara Cummings, assistant postmistress, was a visitor at Calgary over the week end.

H. Fisher of the Western Mutual staff left on Saturday for a visit to Ontario over the Christmas holidays.

Drs. Duncan and Evans have removed to their new offices in the new Opera House Block. Take main entrance.

Bert Cressman returned home from Drumheller on Saturday, and his brother, Eluid, transacted important business in Calgary Monday.

A report of the Social Service and Moral Reform convention at Edmonton will be given at the Evangelical church on Sunday at 3 p.m. Mr. D. Dipple was the delegate.

Curling is now in full swing and great interest was shown in the first short schedule. The committee are hard at work drawing up the long schedule of games, but it is not ready yet.

The local branch of the G.W.V.A. desires to thank the ladies who assisted in supplying and serving the lunch at the dance on Friday evening last. Their services were greatly appreciated.

The Calgary Women's Institute relief depot are asking all the institutes for clothing for the southern districts. Anyone who will kindly give same will please leave it in the new opera house Saturday, Dec. 20, from 2 to 5 p.m.

Attention of advertisers is called to the fact that copy for change of ads. must be in this office not later than Saturday noon of this week or ads. will not be changed. This will be strictly adhered to. Have a heart and give the printers a chance to participate in the Xmas festivities.

The G.W.V.A. dance held on Friday night last was a great success socially, but was a disappointment financially. The boys had gone to great expense and trouble to give the public a good time, but the attendance was not large and they only came out a little better than even on the returns.

Patrons of the new opera house will have an historically interesting treat presented to them next Saturday when the film version of Jules Verne's masterpiece, "20,000 Leagues Under the Sea," is shown. It is over 40 years since the greatest imaginative writer of all time pictured in novel form the adventures, accomplished by the voyage of the Deutschland, the merchant submarine.

Here's a bit of advice that listens darned good to us and we advise young men who are contemplating matrimony to put it in their safety deposit boxes for future reference. Any time friend wife bawls you out about the expensive hats other women are wearing and the cheap thing she has to wear, inform her that other women have to have costly hats because they are not as good looking as friend wife, and insist that a good looking woman looks good in anything.
